

Year	Activity	Capacity area	Focus
2023	Courses: Three-stage Course Series in R-programming – Beginner, Intermediate, Advanced	Methods	
	Workshop: Data Visualisation	Methods	
	Workshop: Public and User Involvement in Danish Diabetes and Endocrine Academy Key Activities	Methods	<i>Public involvement and outreach</i>
	Workshop in Symposium: Methods and Sample Handling for Extracellular Vesicle Studies	Methods	<i>New and emerging technologies</i>
	Workshop in Symposium: Analysis of Small RNAs within Extracellular Vesicles Using Sequencing	Methods	<i>New and emerging technologies</i>
	Workshop in Course: Is the gold standard for measuring insulin sensitivity accurate after exercise?	Methods	<i>New and emerging technologies</i>
	Workshop in Course: User Involvement	Methods	<i>Public involvement and outreach</i>
	Workshop in Course: Tracers to quantify metabolic pathways <i>in vivo</i>	Methods	<i>New and emerging technologies</i>
	Course: Diabetes Technology in Clinical Practice	Methods	<i>New and emerging technologies</i> <i>Clinical and translational research</i>
	Workshop: Storytelling for Scientists	Transferable skills	<i>Public involvement and outreach</i>
	Workshop: How to Frame and Write Successful Grant Proposals	Transferable skills	
	Webinar Series: Grant Writing: Identifying Opportunities and Learning from Success Stories	Transferable skills	
	Online Course: Nature Masterclasses – Online Professional Development Training for Researchers	Transferable skills	
	Workshop in Course: Memorable and powerful presentations	Transferable skills	
Workshop in Meeting: Scientific Illustration	Transferable skills	<i>Public involvement and outreach</i>	

Year	Activity	Capacity area	Focus
2024	Course: Quantitative 3D Bioimaging with a Focus on Development and Endocrinology	Methods	<i>New and emerging technologies</i>
	Courses: Three-stage Course Series in R-programming – Beginner, Intermediate, Advanced	Methods	
	Course: High-Resolution Metabolic and Behavioral Phenotyping Course	Methods	<i>New and emerging technologies</i>
	Workshop: Navigating as a Researcher in the Era of Artificial Intelligence	Methods	<i>New and emerging technologies</i>
	Symposium: Clinical Metabolic Physiology - with a Focus on Methods	Methods	<i>Clinical and translational research</i>
	Event: Public & User Involvement Festival	Methods	<i>Public involvement and outreach</i>
	Workshop in Course: Sex differences and other confounders in study design	Methods	<i>Clinical and translational research</i>
	Workshop in Course: Novel tools in diagnostics, clinical interventions, drug development	Methods	<i>New and emerging technologies</i>
	Workshop in Course: Single-cell repositories	Methods	<i>New and emerging technologies</i>
	Workshop in Course: In-hospital diabetes management	Methods	<i>Clinical and translational research</i>
	Course: Scientific Leadership & Project Management	Transferable skills	
	Course: Presenting Powerfully – Communicating Yourself & Your Science	Transferable skills	
	Webinar Series: Mentoring & Career Development	Transferable skills	
	Workshop in Course: Entrepreneurship	Transferable skills	
	Workshop in Course: Resilience and well-being in science	Transferable skills	
	Course: The Peer Review Process: The What, Why and How	Transferable skills	
Event: Career Fair	Transferable skills
